

Cardan

Certificate of Conformance

This is to certify that the Information Security, Cybersecurity and Privacy Protection Management System of:

Bitcube (PTY) Ltd

Unit 3 The Stockyard, Ravenscraig Road, Woodstock, Cape Town, South Africa

has been assessed by Cardan Compliance Services and found to be compliant with the following international standard:

ISO 27001:2022

The scope of the Information Security, Cybersecurity and Privacy Protection Management System is applicable to:

“The management system applies to the design, development, and delivery of custom software solutions, including web and mobile applications, product strategy consulting, and UI/UX design services provided by Bitcube. It covers all supporting business functions, infrastructure, and personnel involved in these services.”

This certificate is **ONLY** issued following a complete and successful management system audit, following the guidelines and clauses relating to the applicable standard(s).
